

# Nashuatec - Germany

baracoda  
Data Capture for Workforce in Motion

## Transport Application – Delivery Monitoring

- **Company**

Nashuatec is part of NRG Group, a **leading service company that offers printing solutions and integration of document technologies**

- **Customer Challenge**

Offer to Nashuatec's sub-contractors (deliverymen and fitters) a cost-effective solution to track printers localization

- **Solution**

**80 Baracoda RoadRunners connected to BlackBerry 8700 series BaracodaManager Solution**

- **IT Architecture**

Java application running on BlackBerry and integrating BaracodaManager SDK

- **Key Benefits**

- Very low cost of ownership for Nashuatec's sub-contractors
- Not bulky material
- Real time monitoring of Nashuatec's stock localization
- Costs reduction of machines' search and total elimination of material loss
